

INTERMEDIATE ACTIVITY DAY

Your class has been asked to create a plan for an intermediate activity day. Your teacher has given class time to create plans. Students will vote to determine the best plan. The student whose plan is chosen will get a pizza lunch on the activity day.

The information you need to know is:

Start time can be anywhere between 8:15 and 8:45.

End time is 2:30.

Recess is 15 min (1 block only).

Lunch is 40 min (1 block only).

Art activities are 27 min. blocks.

Physical activities are 13 min. blocks.

Performances are 45 min. blocks.

There must be at least 2 blocks each of art activities, physical activities and performances scheduled during the day.

Create as many different plans as you can. Which plan do you think students will vote for? Why?
